

TROPICAL SEMI-D LIVING

Alocasia Semi-D Homes

Once in your lifetime you will come across an abode that personifies your desires of the perfect home. A place secluded and protected from the distractions of the city, yet not isolated from anywhere. Living here means to be in harmony with nature, and to concede that time becomes irrelevant when you lose yourself in bliss and serenity.

Setia Tropika is home to the finest residences in a picture-perfect resort development. The 740-acre freehold land is nestled within the embrace of a 12-acre Town Park, with the soothing hues of nature at dawn that sends a cool breeze to wake you up, or the tranquility of dusk and the peace it represents.

The award-winning Town Park at Setia Tropika is a place that creates opportunities for family-centric activities, from picnics, basketball to cycling. Or choose to absorb the peace and tranquility of open-air meditation around pockets of ponds dotting the Linear Park. A green sanctuary for families and individuals alike.

Life is beautiful at Setia Tropika.

Being the final phases in the Alocasia series, these low-density resort homes are the perfect abodes for the urban family within a gated community.
